- Total size with bleed: 1010mm x 1510mm (WxH)
- Use of vector image recommended
- 5mm bleed requirement

WHAT IS BLEED?

When designing for print it is important to remember that it can be difficult to trim a job right on the edge of a design. In order to achieve the best result possible, you will need to extend your design past the trim lines, so the design can easily be cut down to size. The area that extends past your trim lines is called 'bleed'. In order to get the best results when designing for print, it's important to ensure your artwork always extends past the trim lines.

1000mm

1500mm

SIZE: 1000x1500 mm (W x H)
SIZE WITH BLEED: 1010x1510 mm (W x H)

Please delete this layer
before sending back to us.
